

Pacer

DTM Connectors

DTM series connectors are a line of Deutsch connectors built to handle lower amperages while withstanding harsh environmental conditions. In fact, they are environmentally sealed connectors meaning that they are built to handle the toughest marine conditions out there. This type of connector is known for their ease of use, durability, and field serviceability. You will find them in applications that call for a high level of circuit protection while requiring a degree of environmental protection as well.

Construction

Built from quality plastic reinforced with glass fiber

Features of DTM

 For use with size 20 Contacts

 For use with 22-16 AWG Wire

 7.5 Amp Continuous Power

 Easy to Install

 Cavity Plugs to Seal

 Specialized Tools for Accuracy

Pacer is a Proud Member of:

Benefits & Protections

Field Serviceable

Durable

Long-Lasting

Flame Resistance

Oil Resistance

DTM RECEPTACLE REPAIR PACKS (20 AWG APPLICATIONS)

# OF CAVITIES	PART NUMBER - RECEPTACLES	CONTENTS
2	TDTM04-2RP	(1) 2 POS. RECEPTACLE, (1) 2 POS. WEDGE LOCK, (3) PINS
3	TDTM04-3RP	(1) 3 POS. RECEPTACLE, (1) 3 POS. WEDGE LOCK, (4) PINS, (1) RED CAVITY PLUG
4	TDTM04-4RP	(1) 4 POS. RECEPTACLE, (1) 4 POS. WEDGE LOCK, (5) PINS, (2) RED CAVITY PLUGS
6	TDTM04-6RP	(1) 6 POS. RECEPTACLE, (1) 6 POS. WEDGE LOCK, (8) PINS, (3) RED CAVITY PLUGS
8	TDTM04-8RP	(1) 8 POS. RECEPTACLE, (1) 8 POS. WEDGE LOCK, (10) PINS, (4) RED CAVITY PLUGS

DTM PLUG REPAIR PACKS (20 AWG APPLICATIONS)

# OF CAVITIES	PART NUMBER - RECEPTACLES	CONTENTS
2	TDTM06-2RS	(1) 2 POS. PLUG, (1) 2 POS. WEDGE LOCK, (3) SOCKETS
3	TDTM06-3RS	(1) 3 POS. PLUG, (1) 3 POS. WEDGE LOCK, (4) SOCKETS, (1) RED CAVITY PLUG
4	TDTM06-4RS	(1) 4 POS. PLUG, (1) 4 POS. WEDGE LOCK, (5) SOCKETS, (2) RED CAVITY PLUGS
6	TDTM06-6RS	(1) 6 POS. PLUG, (1) 6 POS. WEDGE LOCK, (8) SOCKETS, (3) RED CAVITY PLUGS
8	TDTM06-8RS	(1) 8 POS. PLUG, (1) 8 POS. WEDGE LOCK, (10) SOCKETS, (4) RED CAVITY PLUGS

DTM KITS (22-16AWG)

NO. OF CAVITIES	RECEPTACLE (PIN)	PLUG (SOCKET)	PACKAGE SIZE
2	TDTM04-2P-10	TDTM06-2S-10	10
3	TDTM04-3P-10	TDTM06-3S-10	10
4	TDTM04-4P-10	TDTM06-4S-10	10
6	TDTM04-6P-5	TDTM06-6S-5	5
8	TDTM04-8P-5	TDTM06-8S-5	5

DTM kits and DTP kits contain Ladd Distribution (Deutsch) connectors. DT kits contain Molex connectors.

Kits contain housing & wedgelock only. Pins and sockets sold separately.

DTM Series connectors are designed for smaller wire gauge applications. The DTM series offers electrical designers the ability to use multiple size 20 contacts (22-16 AWG), each with 7.5 amp continuous capacity, within a single shell. Pacer's DTM repair kits use the larger size 20 contacts (Deutsch Pin P/N 0460-202-20141, Socket P/N 0462-201-20141) for applications using 20 AWG wire.
