Split Conduit

Considering different wire routing options can be a bit overwhelming. Split conduit is an ideal choice for several reasons. First, it is a superior general purpose harness and cable protector. It provides protection from impact and abrasion while reducing wire insulation damage. It is also easy to install and economical. To make things even better, it adds to the visual appearance of a wiring system. Using split conduit creates a clean, professional look. It opens easily and creates a firm hold that protects your wiring system.

Construction

Split conduit is made from (PP) Polypropylene giving a type of rigid flexibility.

Benefits

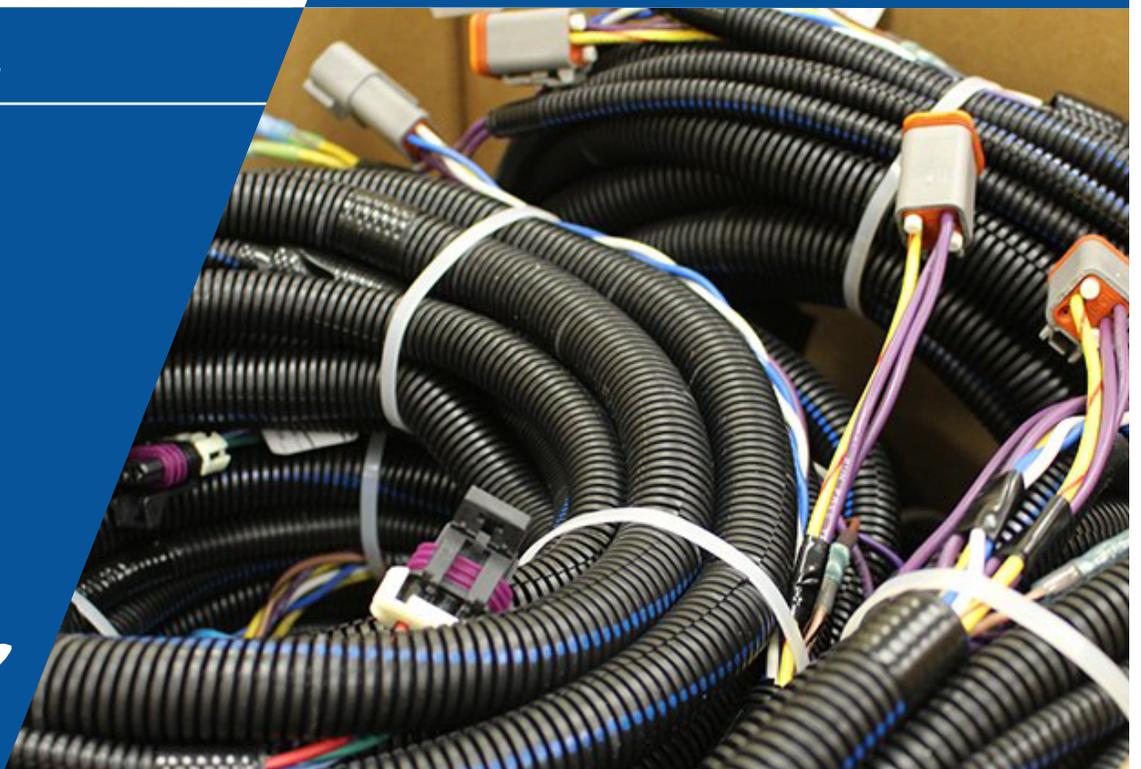

-  Easy to install
-  UV protection
-  Impact protection
-  Abrasion protection
-  Professional appearance

Pacer is a Proud Member of:

Applications

-  Commercial Usage
-  Residential Usage
-  Industrial Usage
-  Marine Usage

SPLIT CONDUIT

PART NUMBER	SIZE (Inches)	INSIDE DIMENSION RANGE (Inches)	OUTSIDE DIMENSION RANGE (Inches)	STANDARD LENGTHS	
				Box	Bulk
BSC1/4	1/4	0.236 - 0.264	0.376 - 0.400	100	3200
BSC3/8	3/8	0.337 - 0.362	0.491 - 0.516	100	1800

BSC5/8	5/8	0.605 - 0.630	0.790 - 0.836	100	750
BSC3/4	3/4	0.730 - 0.755	0.960 - 0.985	100	500
BSC1	1	1.000 - 1.039	1.278 - 1.306	25, 50, 100	300
BSC1.25	1.25	1.250 - 1.276	1.437 - 1.484	25, 50	200
BSC1.5	1.5	1.500 - 1.528	1.858 - 1.925	25, 50	100
BSC2	2	1.980 - 2.035	2.343 - 2.409	25, 50	100

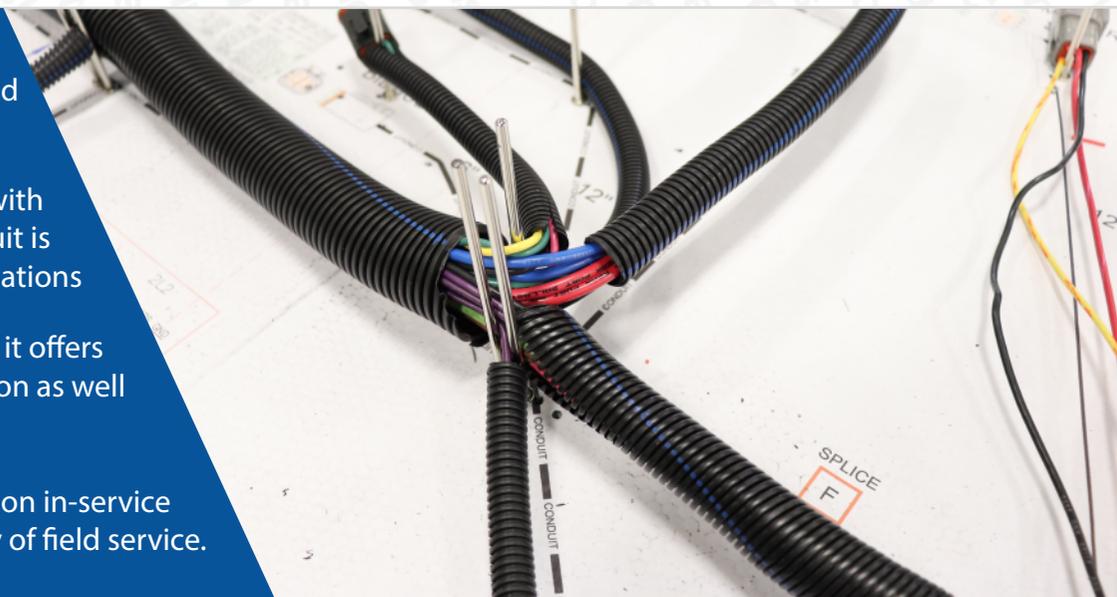

APPLICATIONS: For protecting wires and harnesses from heat, sunlight, salt and friction Can be installed on in-service wires
FEATURES: *Lightweight & economical *UV resistant *Easy to install *Provides impact and abrasion protection
COMPLIANCES: *UL 94, UL flammability standard V-2 *Meets ABYC standards
CHARACTERISTICS: *Operating Temp: -40°C to 200°C

Split conduit offers a high level of protection for wire and cable bundles

Easy to install and designed with longevity in mind, split conduit is ideal for a multitude of applications

Lightweight and economical, it offers impact and abrasion protection as well as long term UV resistance

Split conduit can be installed on in-service wires giving the added ability of field service.

Corrugated, split polyethylene conduit is an excellent general purpose cable and harness protector. Efficient to install and economical, convoluted slit tubing provides an ideal method for binding wire harness assemblies, providing abrasion and impact protection, while reducing wire insulation damage. Creates quality appearance in wiring systems. Ideal product for hose abrasion protection.
